

FOR SPIRITS & WINES

Open shelf. Locked tight.

The patented security cap that removes the physical barrier between product and customer. Bottles stay in self service, and stealing them becomes pointless.

Unique release code

No magnet. No power needed.

Unsellable if forced

Any forced removal leaves the bottle unsellable.

Glass reinforced PA6

Built for years of daily use.

Coded checkout unit

1_s

Fitted and released at the till.

200_{kg}

Pull resistance on the shelf.

3_x

The service life of conventional tags.
